Beam	7.240	metres
Depth	1.20	metres
Draft	0.250	metres
Displacement	25.30	tonnes (unladen)

Jacking System

Jacking system	Electronic over hydraulic
Jacking Rate	10 metres per hour
Load Lift Capacity	10 tonnes
Spud Length	6, 12 and 18 metres
Generator	kWA 30

Features

- 300mm Diameter Moon Pool
- Fold down legs
- Spud Cans
- Onboard Site Office
- Environmental spill containment equipment
- Night lights
- Road Transportable

Operation

“Sea Lift 10” employs electric over hydraulic controls for all jacking operations. “Sea Lift 10” in standard configuration has four 6,12 or 18 m spuds, one in each corner. 4 x electric/hydraulic power packs provide hydraulic pressure for all barge operations.

“Sea Lift 10” has the ability to lay all legs down along the deck to enable the barge to travel under bridges with a 2.4m air draft.
